3-DAY MANAGEMENT DEVELOPMENT PROGRAMME (MDP)

on

**Artificial Intelligence for Government: Applications in Public Financial
Management, Governance & Service Delivery**

18th – 20th February, 2027

Sector-48, Pali Road, Faridabad – 121001, Haryana | www.nifm.ac.in

ABOUT AJNIFM

The Arun Jaitley National Institute of Financial Management (AJNIFM) was established in 1993 as an autonomous institute under the Ministry of Finance, Government of India. Set up originally to provide foundational training to probationers of the organised accounting services, the Institute has since grown into a multi-dimensional centre that supports the capacity-building needs of government departments, public sector undertakings and allied organisations across the country. This growth reflects AJNIFM's ongoing commitment to strengthening public financial management through continuous learning and institutional innovation.

Among AJNIFM's academic verticals, its Management Development Programmes (MDPs) form one of the most active areas of work. These programmes cover Public Procurement, Public Finance, Corporate Finance, governance and public policy, leadership, and emerging domains such as Fintech, Artificial Intelligence and Blockchain and their application to public finance and expenditure management. Participants are drawn from central and state government organisations, autonomous bodies, and international institutions — reflecting AJNIFM's standing as a leading centre for executive education and capacity building in the public sector.

The Institute was accredited by the Capacity Building Commission (CBC) under the Mission Karmayogi initiative on December 15, 2023, and holds a 4-star “Ati Utkrisht” rating from the National Standards for Civil Services Training Institutions (NSCSTI) and the National Accreditation Board of Educational Training (NABET), in recognition of its standards in public financial management and governance training.

CAMPUS & FACILITIES

AJNIFM's 42-acre campus in Faridabad is equipped with an indoor sports complex featuring a gymnasium, billiards, squash, badminton and yoga facilities, along with outdoor sports grounds. Together with its training halls, computer labs and library, these facilities create a well-rounded, residential learning environment for participants.

Cricket & Outdoor Grounds

Computer Lab

Library

Basketball Court

Lawn Tennis Court

Badminton Court

Gymnasium

Billiards / Pool Table

HOSTEL

AJNIFM has two hostel buildings – Ganga Bhawan and Yamuna Bhawan – with accommodation for about 268 participants on single and double occupancy.

Daily newspapers and magazines are available in the reading room/reception of both hostels.

Ganga Bhawan and Yamuna Bhawan each have a separate mess.

PROGRAMME BACKGROUND

Programme Date: 18th – 20th February, 2027 (Hybrid Mode)

Artificial Intelligence is rapidly transforming the way governments plan, deliver and monitor public services. From budgeting and procurement to welfare delivery and audit, AI and Generative AI tools are opening new possibilities for improving efficiency, transparency and citizen responsiveness in government functioning.

At the same time, adopting AI in the public sector raises important questions around data quality, ethics, privacy, accountability and risk — making it essential for government officers to build both a working understanding of these technologies and the judgement to apply them responsibly.

This Management Development Programme is designed to strengthen the capabilities of government officers in understanding, evaluating and applying Artificial Intelligence and related digital tools in their functional areas. The programme combines conceptual grounding, real-world case studies and hands-on practice with AI and GenAI tools, enabling participants to identify meaningful use cases within their own departments.

PROGRAMME OBJECTIVES

The programme aims to:

- Build a clear, practical understanding of AI and Machine Learning concepts relevant to government functioning.
- Familiarise participants with applications of AI and GenAI in public financial management, procurement and audit.
- Strengthen capabilities in using data and predictive analytics for evidence-based planning and decision-making.
- Develop awareness of data governance, ethics, bias and privacy considerations in deploying AI in government.
- Equip participants to identify, evaluate and pilot AI use cases within their own departments.
- Provide hands-on exposure to widely used AI and GenAI tools through guided practical sessions.

PROGRAMME STRUCTURE

3 Days | Hybrid Mode (in-campus and online sessions). Two batches are being offered during 2026-27, allowing officers to choose the schedule that best fits their availability.

PROGRAMME CONTENTS

- **Foundations of Artificial Intelligence & Machine Learning**
Core concepts, terminology and the AI/ML landscape relevant to government functioning.
- **Generative AI & Large Language Models for Governance**
Applications of GenAI tools in policy drafting, correspondence, research and citizen communication.
- **AI in Public Financial Management**
Use of AI in budgeting, expenditure tracking, financial forecasting and fraud/anomaly detection.
- **Data Governance & AI-Readiness in Government Departments**
Building reliable data infrastructure, data quality and interoperability for AI adoption.
- **AI for Public Service Delivery**
Citizen-centric applications — chatbots, grievance redressal, welfare targeting and service automation.
- **AI in Procurement, Audit & Financial Oversight**
Automating compliance checks, red-flagging irregularities and strengthening internal audit.
- **Predictive Analytics & AI-Based Decision Support**
Using data-driven models for planning, resource allocation and scheme monitoring.

- **Ethics, Bias, Privacy & Responsible AI**
Managing fairness, explainability, data privacy and accountability in government AI systems.
- **AI Governance, Regulation & Risk Management**
National and global regulatory approaches, and frameworks for managing AI-related risk.
- **Case Studies in Public Sector AI Adoption**
Learnings from Indian and international government AI implementations.
- **Building an AI Strategy & Roadmap for Departments**
Practical approach to identifying use cases, piloting and scaling AI initiatives.
- **Hands-on Lab: AI & GenAI Tools for Everyday Government Work**
Guided, tool-based exercise using AI assistants for drafting, analysis and research tasks.

PEDAGOGY AND FACULTY

The programme's pedagogy combines lectures, case studies, live demonstrations and hands-on, tool-based exercises. Participants are given ample opportunity to discuss real challenges from their own departments and learn from the experience of faculty and peers. Sessions are delivered by a mix of AJNIFM's internal faculty and leading external experts in Artificial Intelligence, data governance and public administration.

THE TARGETED PARTICIPANTS

The programme is intended exclusively for Government Officials from Central and State government departments, Public Sector Undertakings and Autonomous Bodies who wish to understand and apply Artificial Intelligence and digital tools within their functional or administrative roles.

It is particularly suited to officers working in finance, planning, IT, e-governance, procurement, audit and policy functions, as well as those responsible for scheme design, monitoring and public service delivery.

PROGRAMME DURATION, DATES & VENUE

The programme is of 3 days' duration, conducted in Hybrid mode. Each batch will commence at 09:30 hrs on the first day and conclude by 17:30 hrs on the last day. Participants may plan their travel accordingly.

- The venue of the programme is the Arun Jaitley National Institute of Financial Management (AJNIFM), Sector-48, Pali Road, Faridabad – 121001, Haryana. It is located in Faridabad town on Badkhal-Pali Road, about 1.4 km south of the Badkhal Lake crossing.
- AJNIFM is about 35 km from Delhi Airport and about 32 km from New Delhi Railway Station. The nearest metro station is Badkhal Mor.
- Lodging and boarding shall be provided without any additional charge for participants attending the in-campus sessions. Participants may reach AJNIFM the previous day of commencement of the programme and leave the day after its conclusion.

PROGRAMME FEE & PAYMENT PROCEDURE

The training fee (as approved by the Department of Expenditure, Ministry of Finance) for the various programme formats is as follows:

Programme Format	Fee per Participant
Residential Programme	₹30,000/- plus 18% GST, if applicable
Online Programme	₹30,000/- plus 18% GST

The Residential Programme fee covers:

- Tuition and course delivery
- Course material and certificates
- Group photograph
- Accommodation and meals (lodging and boarding)
- Access to indoor and outdoor sports facilities
- Use of the library and computer lab
- Accommodation for one day prior to and one day after the programme, at no extra cost to participants

Bank details for online transfer of fee are provided in Annexure I.

PROGRAMME CAPACITY

- 30 (thirty) participants per batch.
- Nominations shall be accepted on a first-come-first-served basis.
- In the event of excess nominations, additional nominees shall be considered for the next batch.
- Confirmation of acceptance of nomination shall be sent by AJNIFM by e-mail to nominees whose fee has been received and whose nomination is found acceptable. Only such nominees whose nomination has been confirmed by AJNIFM through e-mail shall be permitted to join the programme.

HOW TO APPLY

- The Nomination Form (Annexure II) should be filled up and forwarded by the sponsoring authority, and sent by e-mail to mdpcell@nifm.ac.in from the e-mail account of the forwarding authority, super-scribing the subject as "Nomination for the MDP on Artificial Intelligence for Government".
- Last date for receipt of nominations: one week prior to the date of commencement of the chosen batch.
