ABOUT AJNIFM

The Arun Jaitley National Institute of Financial Management (AJNIFM) was established in 1993 as an autonomous institute under the Ministry of Finance, Government of India. Set up originally to provide foundational training to probationers of the organised accounting services, the Institute has since grown into a multi-dimensional centre that supports the capacity-building needs of government departments, public sector undertakings and allied organisations across the country. This growth reflects AJNIFM's ongoing commitment to strengthening public financial management through continuous learning and institutional innovation.

Among AJNIFM's academic verticals, its Management Development Programmes (MDPs) form one of the most active areas of work. These programmes cover Public Procurement, Public Finance, Corporate Finance, governance and public policy, leadership, and emerging domains such as Fintech, Artificial Intelligence and Blockchain and their application to public finance and expenditure management. Participants are drawn from central and state government organisations, autonomous bodies, and international institutions — reflecting AJNIFM's standing as a leading centre for executive education and capacity building in the public sector.

The Institute was accredited by the Capacity Building Commission (CBC) under the Mission Karmayogi initiative on December 15, 2023, and holds a 4-star “Ati Utkrisht” rating from the National Standards for Civil Services Training Institutions (NSCSTI) and the National Accreditation Board of Educational Training (NABET), in recognition of its standards in public financial management and governance training.

CAMPUS & FACILITIES

AJNIFM's 42-acre campus in Faridabad is equipped with an indoor sports complex featuring a gymnasium, billiards, squash, badminton and yoga facilities, along with outdoor sports grounds. PROGRAMME BACKGROUND

Programme Date: 25th – 27th November, 2026 (Residential)

Central Autonomous Bodies are set up by an Act of Parliament and are intended to perform certain specified services of public utility or to execute specific programmes and policies of the Government. A committee constituted by the Government suggested a standard, model format for accounts and accounting reports to be adopted uniformly by all central autonomous organisations, with a view to bringing clarity, transparency and simplicity to the presentation of accounts. This uniformity in accounts and reporting is useful for performance evaluation, inter- and intra-AB comparison, and assessment of the achievement of the socio-economic objectives of the Autonomous Body as well as of the Government.

AJNIFM has successfully conducted several editions of this programme, which have been highly appreciated by participants from Autonomous Bodies of the Government of India as well as of State Governments. Delivered through a Residential and hybrid mode combining in-campus and online components, the programme integrates conceptual inputs with practical insights through case studies and hands-on exercises, led by experienced faculty and domain experts. AJNIFM's institutional capabilities, domain expertise and training infrastructure position it well to deliver the programme with quality and impact.

PROGRAMME OBJECTIVES

The programme is intended to:
