

# EMERGING TRENDS IN PROJECT MANAGEMENT & DATA ANALYTICS

## DURATION

5 Days

## SESSION DURATION

6 hours per day

## WHEN

September 02<sup>nd</sup> to 06<sup>th</sup> 2024

## WHERE

Online

## OVERVIEW

The fields of project management and data analytics are constantly evolving, with new trends and technologies shaping the way projects are managed and data is analyzed. This Management Development Programme (MDP) is designed to explore emerging trends in project management and data analytics, providing participants with insights into the latest developments in these fields.

## DAY-WISE TOPICS

### Day 1: Trends in Project Management

- Agile project management
- Lean project management
- Hybrid project management approaches

### Day 2: Project Management Tools and Technologies

- Project management software
- Cloud-based project management tools
- Collaborative project management platforms

### Day 3: Data Analytics in Project Management

- Role of data analytics in project management
- Predictive analytics for project forecasting
- Data-driven decision-making in project management

### Day 4: Big Data and Project Management

- Big data analytics for project management
- Managing and analyzing large datasets in projects
- Case studies of big data in project management

### Day 5: Future Trends in Project Management and Data Analytics

- Artificial intelligence and machine learning in project management
- Blockchain technology for project management
- Future outlook for project management and data analytics

## KEY BENEFITS

- Gain insights into emerging trends in project management and data analytics
- Learn how to leverage new technologies and approaches for project success
- Understand the impact of data analytics on project management
- Acquire practical tools and techniques for implementing new trends in project management and data analytics

## WHO SHOULD ATTEND

- Project managers and team leaders
- Data analysts and data scientists
- Business analysts
- Anyone interested in staying updated with the latest trends in project management and data analytics

## FACULTY

The programme will be conducted by experienced project management and data analytics professionals and faculty members with practical industry experience.

## CERTIFICATION

Participants will receive a certificate of completion at the end of the programme.

## FEES

INR 25,500/- PLUS 18% GST (if applicable)

## REGISTRATION

Limited seats available. Register now to secure your spot in this transformative programme

## CONTACT INFORMATION
