About the AJNIFM

The Arun Jaitley National Institute of Financial Management (AJNIFM) is a Centre of Excellence, specializing in capacity building professionals in Public Policy, Financial Management, and other governance-related issues to promote the highest standards of professional competence and practice. AJNIFM is a premier resource center for the capacity building of senior, middle, and entry-level managers in the Government of India. Apart from capacity building, AJNIFM is also engaged in serious research studies in accounting, audit, financial management, parliamentary financial control, and other issues related to public policy and delivery systems.

About the programme

With central government initiatives like Digital India, Start-up India, TReDs, GeM, and a focus on removing cash and allied bottlenecks of delays and corruption, India is fast becoming the Fin-Tech capital of the world. Recently RBI also set up a separate department of Fintech to promote digital payments and digital finance. Further, Blockchain as a focus area has increased with three major developments: - Niti Ayog's announcement of India's Blockchain Strategy; Clarity on Crypto-Currencies by the Finance Ministry, and a proposal on Central bank digital currency. It is thus imperative for human resources to understand the recent developments in Fintech and Blockchain and their benefits.

Objectives

- To understand the role and growth of Fintech, digital finance, and digital India
- To understand India's payment infrastructure of India with a focus on UPI and Adhar-enabled payments, roles, and benefits
- To understand blockchain technology, cryptocurrencies, and India-specific benefits of the same
- To understand E-procurement finance, and the benefits of TReDs and GeM
- To understand distributed finance and its benefits
- To understand Neo-banking and new-age lending and their role

Key Topics

- Fintech- Background & Importance, Introduction, Importance & Regulatory Developments, Payment Infrastructure of India, National Payments Corp of India. UPI, Aadhar-enabled payments, Pay-out tools, Allied ecosystem, Wallet Ecosystem. Bharat Bill Payment system. Role of Government departments. Card Ecosystem, Digital Finance & Digital India- Introduction Public vs Pvt; Central Vs Distributed Ledger.
- Technical- Blockchain, Digital Signature, and Double spending problem, Concepts of cryptography, Hashing, Mining, and Keys India Blockchain Policy, IBBIC, Niti Ayog's blockchain strategy, Indian Bank Blockchain Council.
- Cryptocurrency: Bitcoin, Ethereum, Dapps etc., Benefits & challenges, Digi currency, Role of Central Banks and Central Governments. Regulations, Digital Currency, CBDC including all others like reg tech, infotech, etc.
- Neo Banking, Regulations including privacy laws and challenges with quantum computing, etc. Risk Mitigation in Fintech
