ONLINE

OVERVIEW

In today's rapidly changing business environment, managing risk effectively is crucial for organizational success. This Management Development Programme (MDP) is designed to provide participants with the knowledge and skills needed to identify, assess, and mitigate risks in a dynamic environment.

DAY-WISE TOPICS

Day 1: Introduction to Risk Management

- Overview of risk management
- Importance of risk management in a dynamic environment
- Types of risks in modern business

Day 2: Risk Identification and Assessment

- Methods for identifying risks
- Risk assessment techniques
- Risk matrix and risk prioritization

Day 3: Risk Mitigation and Control

- Strategies for mitigating and controlling risks
- Risk treatment options
- Implementing risk mitigation plans

Day 4: Enterprise Risk Management (ERM)

- Understanding ERM frameworks
- Integrating risk management into business processes
- Role of leadership in ERM

Day 5: Advanced Topics in Risk Management

- Cyber risk management
- Environmental and sustainability risks
- Case studies and best practices in risk management

KEY BENEFITS

- Gain a comprehensive understanding of risk management principles and practices
- Learn how to identify, assess, and mitigate risks in a dynamic environment
- Develop risk management strategies for different types of risks
- Acquire practical tools and techniques for effective risk management
- Network with industry experts and peers in the field of risk management

WHO SHOULD ATTEND

- Risk managers and professionals
- Business leaders and decision-makers
- Project managers
- Anyone interested in gaining a deeper understanding of risk management in a dynamic environment
